

BACHELOR OF SCIENCE IN INFORMATICS AND COMPUTER SCIENCE

PROPOSAL ASSESSMENT

STUDENT NUMBER: _____ 169646 _____

PROJECT TITLE: Neuro-Adaptive Network Flow Orchestrator: A Deep Reinforcement Learning Approach for Proactive Congestion Control in Software-Defined Campus Networks

		Weight	Score
Title Page:		(2 Pts)	
1	Informative, Concise and appropriate	2	2
Abstract		(3 Pts)	
1	Is the abstract properly written? (Max 200 Words)	3	2
Table of Contents, List of Tables/Figures/Abbreviations/Equations		(2 Pts)	
1	Present with page numbers corresponding to report	2	2
Introduction		(10 Pts)	
1	Background (with relevant citations)	2	1.5
2	Problem Statement (Background, clear*2, Gap Identified citations done properly and standard)	4	2.5
3	Objectives (SMART and Linked to Problem Statement)	4	2
Literature Review/Related works		(8 Pts)	
1	Are relevant literature/works consulted?	2	1
2	Is the literature consulted properly?	2	1.5
3	Is the literature adequate? (at least 3 systems cited)	2	1
4	Conceptual Framework, well drawn and elaborative?	2	2
Intended Approach/ Methodology		(8 Pts)	
1	Is the choice of the methodology introduced and supported?	2	2
2	Is the methodology diagram present and well explained?	2	1.5
3	Is there a clear, logical and well explained approach to the project?	2	2
4	Is there a clear explanation of the tools and techniques used?	2	2
Proposal Presentation		(7 Pts)	
1	Are relevant references provided and formatted correctly?	2	2
2	Is there a clear and proper use of language?	2	2
3	Effective report structure and layout (chapters and sections, use of Times new Roman, font size 12, line spacing of 1.5, proper paragraph and headings alignment, proper page numbering (use of roman numbers and decimal numbers), proper citations used)	3	2.5

Total Mark		40 Marks	31.5

Comments:

.....

...Objectives need to be summarized. They do not adhere to the SMART principles. Research Questions too need to align to the summarizaed objectives ...

re.....

.....

... In the literature review, the research on existing systems is inadequate

.....

.....Conceptual Framework well captured

.....

.....
